15th Ottawa Conference, Kuala Lumpur, MALAYSIA

9-13 March 2012

The 15th Ottawa Conference: Assessment of Competence in Medicine and the Healthcare Professions will re-examine the recommendations relating to assessment developed during the 14th Ottawa Conference in Miami in May 2010 and will look at the developments since then. It will also address what is recognised as good practice in the area of assessment and a number of themes will be covered. The local host is the International Medical University (IMU) in collaboration with AMEE ? An International Association for Medical Education.

1st International Conference on Faculty Development in the Health Professions

Mayo 10-13 2011 Toronto, Canada

With the increasing complexity of academic health science centers, it is very important that health science schools address the professional development needs of their faculty members. Currently, there is no academic conference that specifically addresses the faculty development field for academic health science centers world-wide. This conference is hoping to fill this void with the 1st International Conference on Faculty Development in the Health Professions
